

MAKING BOTH STORE APPEARANCE AND CUSTOMER EXPERIENCE A TOP PRIORITY.

MAXIMIZE DISPLAYS.
MAXIMIZE PROFITS.

Magna-Bar™ Peg Merchandising System

Resolve space and organization challenges –

Boost sales with Magna-Bar™ peg merchandising systems from Retail Space Solutions.

The Magna-Bar peg merchandising system is a cost-effective alternative to store shelves. Magna-Bar delivers greater product visibility and creates a better overall shopping experience. Magna-Bar systems are available with horizontal or vertical extension bars and several ID channels, creating additional space for **flexible merchandising**.

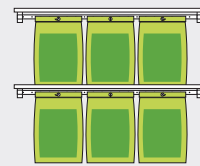

Magna-Bar peg merchandising systems:

- Fit existing store fixtures
- Maximize display space
- Boost sales
- Install easily

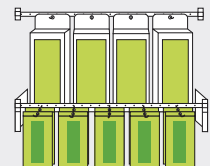

Magna-Bar systems mount to existing peg walls to **create systematic – and efficient – product displays.**

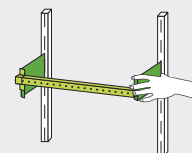

Why install Retail Space Solutions Magna-Bar peg merchandising systems?

Magna-Bar™

Peg Merchandising System

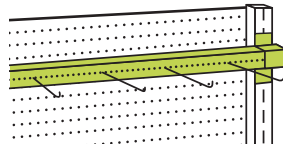

Holding more packages and driving more purchases

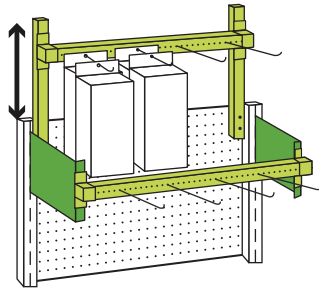

Installs intuitively and securely on existing fixtures

Universal mounting brackets fit into the slotted uprights found on existing gondola fixtures.

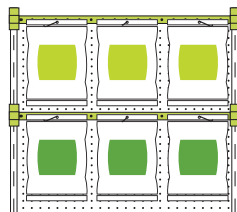

Repositionable pegs and hooks provide strong support

Pegs and hooks are available in varying lengths and shapes to accommodate different package sizes and display configurations.

Vertical and horizontal extension bars create additional product facings

To expand facings, Magna-Bar™ systems offer horizontal and vertical extension bars and a combination of ID channels to deliver unmatched display flexibility.

Durable construction provides rigid support and long life

The tubular steel bar and heavy-duty, removable pegs and hooks provide rigid support for packaged goods.
